eXtraordinary thinking...

New Ofsted Self Evaluation Framework: Perspective Version 3

Unlike the majority of Heads in England, as a Perspective user, you will be able to edit and update your existing SEF until the end of 2009 using the current version of the system.

Then, when you are ready to make use of the new Ofsted Framework and to write a new SEF, we will be pleased and proud to introduce you to Perspective Version 3, which will make the task much more rewarding than you might expect!

Version 3 is a FREE upgrade for existing Primary and Special School customers with up to date licences, and includes:

Expert content, written specifically to cater for the new framework, including

- Section and question level guidance
- New bite size questions (reduced in number and categorised as key or supplemental to focus attention where required)
- New bite size statements
- A wealth of enhancements based on customer feedback

New features

- Collaborative self evaluation for any system of teams (e.g. Subject, Year, Key Stage, Pastoral, Support, etc.)
- Multiple team membership
- Colour coding of BSQ progress indicators to reflect ISGO grade
- Easier to use Evaluate section
- Ability to 'agree' team and school evaluations to share progress and best practice
- 'Cascading' Targets so SLT can ensure the school's Key Priorities are addressed by teams
- Personalised Home Page – including To Do's arising from school, team, and personal Targets and Action Plans

New Technology

- Uses Microsoft.Net 3.5 and Ajax – faster, smoother, easier to use
- True multi-user system
- Integration with Serco's 'Facility' MIS system
- Integration with NCER's Nexus Data Portal
- Integration with LA Record of Visit system (where used by your LA)
- Widgets (for use in iGoogle etc.)

Ready for

- Automatic upload to Ofsted online
- Implementation of Performance Management module
- Implementation of CPD module
- School definable surveys
- The School Report Card

For information about the options that we can offer in terms of migrating your data to Version 3, Professional Development on SSE, training, and consultancy to ensure you and your colleagues can extract maximum benefit from the Version 3, please email perspective@angelsolutions.co.uk, or call us on 0845 833 0933.
