

The Perspective School Improvement Suite

MONITORING SCHOOL IMPROVEMENT ACROSS THE WHOLE LOCAL AUTHORITY

Perspective promotes and maintains continuous interaction between self review and planning allowing school leaders to identify issues quickly, make robust judgements, and make sure that targets are focussed on key priorities that will lead to real improvement and impact. Perspective provides not only a robust framework which ensures a consistency in approach and quality of self evaluation and planning, but directly builds in preparation for inspection, individual Performance Management, CPD needs, lesson observations, stakeholder engagement and document management.

At a Local Authority level, this information is collated across all of the schools, providing quick and easy access to information vital to the development of services and training, the provision of support, and the current status of every school. With the limited resources available to school improvement teams, Perspective can be a vital tool in the identification of intervention need, a method to maximise the support and time given to schools by providing remote collaborative access to their processes, or a simple method to ensure schools are focussed on the right things at the right time.

Key Features for Schools

- ◆ Clear identification of priorities
- ◆ Clear focus on improvement
- ◆ Collaborative self review
- ◆ Staff Performance Management
- ◆ Preparation for inspection
- ◆ Dynamic surveys and analysis

Key Features for School Improvement Teams

- ◆ Self Review across Schools
- ◆ Monitoring Improvement Plans
- ◆ Generation of thematic plans
- ◆ Stakeholder Surveys across LA
- ◆ Evidence and Pre-Inspection Review
- ◆ Identification of service/training needs
- ◆ Intervention indicators
- ◆ Performance Management data
- ◆ Secure transfer of documents and data
- ◆ Access from anywhere via the web
- ◆ Distributed/cascaded leadership
- ◆ Quality assurance and rigour

WHAT DOES PERSPECTIVE PROVIDE TO SCHOOL IMPROVEMENT TEAMS?

- ◆ A **convenient, collaborative and consistent** way to evaluate performance effectively **across multiple schools**
- ◆ A method to ensure schools **focus on priorities** that have the greatest potential to **impact school improvement**
- ◆ A way to **remotely monitor improvement plans** that provide an **accurate, up to date**, picture of **progress**
- ◆ A method of collaboratively **supporting the self review process** across **multiple schools** remotely
- ◆ A way of accessing the **latest judgements** made as part of whole school or departmental **self review**
- ◆ A **simple, quick, and efficient** way of **distributing data, records of visits and documents** across all schools
- ◆ A way of monitoring **clusters or groups of schools** and aggregating improvement plans and outcomes
- ◆ A simple way of gathering **stakeholder views and survey reports** across a cluster or whole local authority
- ◆ A method of providing **pre-inspection support** and interrogation of the evidence base for Ofsted remotely
- ◆ A way of identifying **common training and CPD needs**, areas for improvement or strengths across the LA

Can you spare ten minutes?

We think that **Perspective has a role to play** in both **supporting schools** to achieve or maintain outstanding status by supporting its internal processes, and providing school improvement teams with a time and cost saving method of monitoring and supporting all of their schools, gather valuable management information, and inform strategic decisions. Therefore we would like to demonstrate how we could **tailor Perspective to the needs of your improvement team**.

Our team of education professionals want to discuss your current organisational structure, explain more about our software, share our experience of working with LA's up and down the country, and then demonstrate how **we work in partnership with you** to create an **implementation plan** that drives out the **goals you want to achieve across your schools**.

Let's arrange a time to talk...

This can simply be a phone call in the first instance and can be arranged at a **time that is convenient for you**. We can also book a quick **online session** or a **face to face meeting** to demonstrate Perspective at a time that suits your busy schedule. To arrange a conversation, please **contact the Perspective team** by any of the means identified below. We look forward to speaking with you soon.
